## Why? You May Ask? Well, for Two Reasons, Really

A natural hemorrhoids cure will not have side effects and will not cover your symptoms by burying the problem additional. Let me explain. You see, chemically enhanced drugs that you may get from your doctor or local pharmacy virtually always come with a long list of side effects.

## Also, Chemically Enhanced Drugs are Designed to Pay for Your Symptoms

For example, if you think back pain, ibuprophen hides it by mindnumbing the nerves. But does this solve the root problem? No. It only hides the pain. If the nerves were not numbed, they would still be hurting. And by temporarily numbing your nerves, you haven't killed the source of where this pain is coming from, correct?

- Hemorrhoids assault a person generally because of old age or unhygienic or unhealthy eating conditions.
- It could also happen to women publish pregnancy.
- The problem is quite easy to figure out.
- There is a continuous irritation, swelling and itching feeling in the anal sphincter.
- In significant cases there could also be mild bleeding in the anal region.
- Right now all kinds of hemorrhoids are not same.
- There are degrees of which they occur.
- But determine the degree and solution measures you need to understand what kind of hemorrhoid you are suffering from.

## You Will Find Internal Hemorrhoids and External Ones

Internal hemorrhoids tend to be inside the anus and exterior ones are outside of it. Talking about the degree, the first degree is when the swelling does not come out of the anus. In the second degree the protrusion moves in and out of the anus depending on your body activity. In the third degree you need to manually position the protrusion inside and the fourth degree would mean the protrusion does not go inside even manually.
