That's Easy to Correct

You correct it by eating more vegetables, fruits and whole grain foods. Take white loaf of bread and pastry products out of your diet and eat only bread and pastries created using whole-wheat flour. Start paying attention to the fiber content of foods (for packaged foods, it's on the label). Make a high-fiber cereal part of your regular breakfast time, eat granola bars rather than hostess twinkies.

Use Suppositories to be Able to Help With Bowel Movement

Suppositories such as the ones made by Preparation H or Tucks may also be used to relieve symptoms of hemorrhoids. Use these for about seven to ten days. The suppository will help with the symptoms of hemorrhoids by relieving irritation and lubricating the anal canal. Like other over-the-counter treatments this is highly suggested to not utilize this for more than the recommended period. Suppositories contain ingredients that can be harmful to anal tissues upon prolonged exposure.
